DETAILED ACTION

Drawings

This application is in condition for allowance except for the following formal matters:

The subject matter of this application admits of illustration by a drawing to facilitate understanding of the invention. Applicant is required to furnish a drawing under 37 CFR 1.81(c). No new matter may be introduced in the required drawing. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). Amendment of the specification to include references to the drawings will also be necessary.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

Claims 1-11 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or suggest all of the limitations of the claims. The method of claims 2-11 is quite detailed, and contains numerous steps which are not suggested by the prior art. The specific cards of claim 1 are not a mere variation of other cards used for therapeutic purposes, such as those of Aduvala and Ramsey, but have a specific purpose which is more fully described in claims 2-11. As an example, the numbers in the heading cards would not have been obvious to one of ordinary skill in the art, because they are necessary for the specific method steps of grouping the adjective cards under each heading card. As a result, claims 1-11 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Aduvala, Ramsey, Bryce, Chambers, Frank and Farley disclose various devices and methods for psychological evaluation or education of a person.
